2019 Glaetzer Amon-Ra

The 2019 Amon Ra Shiraz is 100% Shiraz and 100% from the 2019 vintage, as Ben Glaetzer felt it – unlike many previous vintages – didn't need to be freshened with a small proportion of younger wine. From old vines in the Ebenezer district of the northern Barossa Valley, it offers classic notes of blackberries and spice, framed by hints of cedar and vanilla (it's aged in 100% new oak hogsheads, mostly French). It's full-bodied yet crisp, supple but tight and really long. Offering lovely dark fruit, hints of espresso and black olive, it finishes mouthwatering and firm. Give it some time in the cellar and drink it from 2025 – 2040.

2019 Glaetzer Anaperenna

The 2019 Anaperenna Shiraz-Cabernet Sauvignon is an 84-16 blend, all sourced from the northern end of the Barossa Valley. Bottled in October 2020 and scheduled to be released in October 2021, it features lovely lift and delicate herbal nuances on the nose, plus hints of red and black currants and blackberries. Full-bodied and supple, it's also crisp, long and velvety on the finish, picking up delicious nuances of vanilla, dark chocolate and bright, fresh fruit.

2019 Glaetzer Bishop

The 2019 Bishop Shiraz is all Shiraz and all from the Ebenezer district of the northern Barossa Valley. Aged almost exclusively in second, third and fourth use oak (mostly French), it features slight herbal overtones to the black cherry and black olive notes. It's medium to full-bodied on the palate, supple, generous and reasonably concentrated, folding in hints of peppery spice and mocha shadings on the velvety, mouthwatering finish.

91 POINTS

2019 Glaetzer Wallace

A pretty typical blend of 78% Shiraz (aged in older oak) and 22% Grenache (matured only in stainless steel), the 2019 Wallace Shiraz-Grenache comes across as a bit tarry on first opening, followed by plummy, blackberry fruit, with more savory tones of black olive and bright blueberries on the medium to full-bodied palate. Not overly rich or extracted, this is a fine, silky offering that can be consumed over the next half-dozen years or so.
