## *Spill* California Red Blend

'*Spill*' represents the easy side of wine. The 'kick-back and enjoy' side of wine. The 'I don't need to impress the neighbors, but it'll happen anyway' side of wine. *Spill* is what happens when the passions of one wine generation; music, food, and wine; carry on through the next three generations. It comes from four generations of a family who've shared a lot of laughter, great meals, and of course... spilled wine.

*Spill's* purpose is to be 'that' wine you can comfortably, and affordably, '*Spill*' every day. Produced from grapes that were chosen for their quality and blended into harmonic perfection to be the perfect soundtrack to life.

### ***Winemaker's Tasting Notes:***

Our *Spill* Red Blend opens with mouthwatering aromas of black cherry, red licorice and allspice. The melody unfolds with flavors of blueberries, plum, allspice and pomegranate followed with a crescendo of vibrant acidity and supple tannins. The final notes are of a finish that is elegant and lingers pleasantly on the palate.
